WHAT WE DO

Premek Hi Tech is a company founded in 1978, specialized in high added value production of precision mechanical components and small assemblies, in small and medium batches, from tens to thousands of pieces.

HOW WE WORK

Premek Hi Tech pursues customer service, through process innovation backed by constant technological investments. Quality Assurance and production differentiation are consolidated cornerstones of our corporate culture.

LOCATION

Premek Hi Tech operates in the industrial area of Pordenone, Friuli Venezia Giulia, in the North East of Italy. Just a few hundred meters from the highway, is easily accessible from the airports of Trieste, Venice, Treviso.
